A Blueprint for Success

• Attend Classes
Attend classes, on time. If you have to miss a session, be sure you get assignments and notes. Know the attendance policy of each class.
• **Attention**  
Even if you become a little bored, listen, participate and ask questions.

• **Communicate**  
Talk to your instructor--especially if you don’t understand something, have missed a class, or just to get to know one another. Monitor your grade status.

• **Do Your Homework**  
Turn it all in. Make sure it looks neat and sharp.

• **Prepare**  
Read assignments before class. Check the syllabus often for assignments.

• **Take Notes**  
Listen. Date each entry and write legibly. Outline notes and develop your own abbreviation system. Write key words.

• **Manage Time**  
Successful students manage their time wisely. Use a calendar to plan your time. Allow two hours of study for every hour in class. Budget your time, and study when you’re most alert. Tackle the toughest subjects first and give yourself breaks.

• **Set Goals**  
Advisors are available to help you establish academic, career and personal goals. Amarillo College also offers a course to help you plan for your future:  
Educational and Career Planning (PSYC 1171 – 1 sem. hr., 1 lec.)  
Specific help for people who need to make career decisions. Examines values, interests and aptitudes that influence career and/or educational choices. Learn to set realistic goals as they apply to career and educational alternatives. Look at job opportunities and learn the latest techniques for getting a job.

• **Learn How To Study**  
In order to accomplish your educational objectives: make a checklist of work to be completed, divide it into units, organize an achievement timetable, review the plan, visualize achieving your goal, and reward yourself when finished.  
You can enroll in one of the following classes designed to help you develop successful study habits:

  - **College Success Techniques** (SPCH 1171 – 1 sem. hr., 1 lec.)  
    Get acquainted with college life; acquire skills needed for academic success; learn how to become involved in the learning process.

  - **Strategies for Learning** (RDNG 0511 – 1 sem. hr., 1 lec.)  
    Improve study systems—including time management, effective listening, how to take notes, outline texts, concentrate, retain information, and take exams.

**Lunch and Learn**  
each Thursday, at 12:15 p.m., on the second floor of the College Union Building on the Washington Street Campus. A different topic is explored every week. Check offerings in the Continuing Education Class Schedule and Student Activity Calendar.

• **Taking the Test**  
Arrive early. Stay calm and relaxed. Maintain a positive attitude. Budget your time—don’t spend too much on one question. Mark the questions you’re unsure about and go back and check your answers.

**Academic Advising**

Amarillo College provides students comprehensive, ongoing academic advising that promotes one-to-one communication between a student and advisor. This relationship should help the student develop self-directed goals in academic, career and personal development.

Students with predetermined majors are assigned faculty advisors from their program of study. General Studies and Elementary Education majors as well as pending majors are referred to the Advising and Counseling Center. Advisors aid students in designing personalized educational plans. This involves career exploration, job availability, TASP requirements, program requirements, appropriate course-work, financial aid resources, transfer, and other concerns.

STUDENT GOVERNMENT ASSOCIATION
Amarillo College is NOT all work and no play. The Student Government Association and the Student Activities Office provide fun and interesting programs to enhance college life for all students.

Concerts, lectures, parties, festivals and entertainment of all kinds are just a few of the activities available to you. Each student pays a small activity fee each semester ($1 per credit hour) to provide these events, so take advantage of them—you’ve already paid for them! Look for the Student Activities Calendar each semester.

Want to be a part of planning and implementing these events? Then the Student Government Association may be just the organization for you. The SGA’s purpose is to improve campus life for AC students by planning, publicizing and implementing campus activities and serving as the liaison between students and the administration and faculty.

Alcohol/Drug Programs

STUDENT ASSISTANCE PROGRAMS
In recognition of the increasing problems resulting from alcohol and substance abuse, and consistent with the adoption of an Employee Assistance Program, Amarillo College provides assistance to students who are either identified as possibly having an alcohol or substance problem, or who self-refer in order to seek help.

Students who may have chemical abuse problems can receive assistance by accessing education, counseling, and/or referral to a rehabilitation resource.

Recognition and referral for diagnostic treatment is made by the director of Advising and Counseling to appropriate resources.

Students who desire confidential assistance from the College in dealing with a perceived alcohol or chemical substance abuse problem may self-refer for that assistance by making an appointment with the director of Advising and Counseling.

No record regarding the contact with the director of Advising and Counseling, the referral to an outside agency, or actions taken as an outcome of that referral, will be entered as a part of the student’s permanent record.

The College provides factual information through organized educational programs to assist individuals in making reasonable decisions regarding the use of chemical substances. This includes information about illegal substances and their effects, and about the establishment of responsible drinking behavior for those who choose to use alcoholic beverages. S.T.A.R.S. (Students to Accept Responsibility Safely) disseminate this information.

ALCOHOL/DRUG POLICIES
No tobacco products are allowed inside AC buildings. Alcohol and illegal drugs are prohibited at all College activities and on all College property. Legal and disciplinary procedures for infractions are outlined in the Students Rights and Responsibilities publication.

Bookstores
Books are a significant investment, but the bookstore will buy back many of your textbooks at the end of the semester according to stock needs. Also, book expenses (new ones average about $55 per book) can be reduced by buying used books. Keep all receipts in case you need to exchange a book.

Your on-campus bookstores are owned and operated by Amarillo College. They provide required textbooks as well as a wide selection of study aids, novelty items, greeting cards, gift items and soft goods.

During Summer semesters, the Bookstores will close at 12:30 p.m. on Fridays. Dates for extended hours are announced each semester.

Grades

Letter grades are used at Amarillo College. Each grade earns grade points in relation to the number of hours in the course. Grades and their grade-point values are as follows:

- **A** Excellent ......................4 grade points
- **B** Good ........................ 3 grade points
- **C** Average ........................ 2 grade points
- **D** Poor ..............................1 grade point
- **F** Failure ..............................0 grade points
- **I** Incomplete ......................Not computed
- **W** Student-initiated drop or withdrawal through the 13th week or a corresponding period for summer and mini-sessions ............................Not computed
- **AU** Audit (non-credit) .........Not computed

The grade-point average is calculated by dividing the total hours completed into the total grade points earned (hours attempted times grade earned).

Here is an example: a student enrolled in 14 semester hours received the following grades:

<table>
<thead>
<tr>
<th>Sem. Hrs.</th>
<th>Grade</th>
<th>Grade Pt.</th>
</tr>
</thead>
<tbody>
<tr>
<td>English 1303</td>
<td>3 B (3)</td>
<td>9</td>
</tr>
<tr>
<td>History 1301</td>
<td>3 C (2)</td>
<td>6</td>
</tr>
<tr>
<td>Phyed 1116</td>
<td>1 A (4)</td>
<td>4</td>
</tr>
<tr>
<td>Biology 1408</td>
<td>4 C (2)</td>
<td>8</td>
</tr>
<tr>
<td>Psychology 2301</td>
<td>3* W (NC)</td>
<td>NC</td>
</tr>
</tbody>
</table>

Total Hours Completed: 11  27 Total Grade Points

*Since the student withdrew, the Psychology course is not counted in the total hours completed.

Using the formula: \( \text{GPA} = \frac{\text{Total Grade Points Earned}}{\text{Hours Completed}} \)

the grade-point average is figured \( \frac{27}{11} = 2.45 \).

Full-time students (enrolled in 12 or more non-remedial hours) who earn a grade point average of 3.6 or higher are placed on the Dean’s Honor List for that semester.

Students who do not maintain a 2.0 semester average are placed on academic probation. If the next semester’s work is also unsatisfactory, students are suspended. An overall 2.0 is required for graduation. Complete details regarding probation and suspension are provided in the College Catalog.

Freshman and sophomore students intending to continue their education at a four-year institution need to achieve a grade of “C” or better for easy transfer of credits.

All students’ course grades are filed in the Registrar’s Office, and are the official record of the College. A final grade will be reported at the close of each semester; grade reports are mailed to the student at that time. A grade once earned and recorded cannot be removed. However, if a student repeats a course, the higher grade earned is the one used to determine graduation eligibility.

Housing

Campus housing is available to both single students and families. Single student apartment-style residence halls are located on the ATC campus; family duplexes are located adjacent to the campus.

To apply for family housing, please submit an application/deposit at least 45 days before your planned move-in date. Single students need to submit a residence hall application and deposit prior to the semester they will be attending. A specific roommate and/or apartment may be requested; however, housing supervisors have the right to make assignments. Move-in will only occur after advance rent and deposits have been paid.

Students are not required to live in campus housing. Privately owned apartments and rentals are available near the Washington Street Campus. Check the bulletin board located in the College Union Building or the apartment guides.

**Attention**
You can contact the AC Police 24-hours-a-day at 371-5163. All accidents and criminal activity should be reported as soon as possible.

**Parking Permits:**
Permits are required to park on all campus lots posted:

- **Amarillo College Parking Permit Required**
  7:00 a.m. - 5:00 p.m. M-F
  10 MPH

The registered holder of a permit is responsible for any violations committed involving a vehicle displaying that permit.

Parking permits are free during the first five days of a semester, $1 thereafter. Each student or employee may receive only one permit that is transferrable and can be used on any vehicle. Lost or stolen permits must be reported immediately to the Police/Security Department as the permit holder is responsible for any citations received until the report is made.

Parking permits and information on campus safety, traffic, and parking regulations are available at

- **Washington Street Campus**
  Police Department or Assistance Center

- **West Campus**
  Business Office, Lecture Hall

- **Amarillo Technical Center**
  Business Office, Bird Administration Building

**Traffic and Parking Regulations:**
Every person operating a motor vehicle on the Amarillo College campuses is responsible for knowing and obeying all College regulations and city and state laws regulating traffic and parking. Further information can be obtained from the Student Rights and Responsibilities publication, and from the Police Department.

- Speed Limit on campus property is 10 MPH except at ATC as posted.
- Driving over curbs, lawns, or sidewalks is prohibited.
- Motorcycles may be parked in designated areas without a permit.
- Bicycles must be secured by chain or lock to bicycle racks. Illegally parked bicycles will be impounded.
- Towing offenses include: parking in a driveway, fire zone, loading zone, handicapped space, or other area not designated as a parking space.

Three or more citations in one school year will be reported to the administration and further violations may result in the impounding of the offender’s vehicle, and/or loss of privilege to park on campus property.
Unattended vehicles must not be left on College property for more than 48 hours. Vehicles then may be deemed abandoned and subject to disposal as prescribed by law. Persons leaving a vehicle overnight should notify the Police Department. Parking lots are patrolled, but Amarillo College is not responsible for any damage, vandalism, or theft of vehicles.

Payment or appeal of traffic citations must be made within seven days to avoid further fines or holds placed on student records. Appeals may be requested at the Dean of Student Services Office on the second floor of the CUB in accordance with the Student Rights and Responsibilities. Payment of fines should be made at the Student Service Center, Washington Street Campus; Business Office, West Campus; or Administration Building, ATC.

Student Right-To-Know
In order to comply with Federal “Student Right-to-Know Legislation” as well as the Campus Security Act, Amarillo College makes information available regarding academic graduation rates and the incidence of certain reportable crimes which may occur on campus.
In keeping with the legislation, the Amarillo College Police Department has the responsibility of assisting victims of both violent and non-violent sexual crimes on campus or while participating in approved College off-campus activities. Victims assistance in the form of counseling, medical referral and legal help can be obtained through the Police Department, 371-5163.

Any form of unwanted sexual activity should be reported to the Police Department or the Dean of Student Services, 371-5300. Further information on sexual crime on campus is available from the Police Department, the Dean of Student Services Office and the Registrar’s Office.

Student Service Center

The Student Service Center houses the Registrar’s Office, Financial Aid, Business Affairs, Information Technology Services, Advising and Counseling, Testing Center, and Assistance Center.

ASSISTANCE CENTER

The Assistance Center, the epicenter of the Student Service Center, was created by combining several of these key services so that students can have the majority of their enrollment needs met by talking to just one person.

The Assistance Center performs selected functions of these offices, including admitting and registering students, distributing financial aid information and applications, processing enrollment verification requests, collecting and disbursing monies, processing Drop/Adds, providing TASP information, and producing academic grade transcripts, as well as providing general information about AC.

Testing Services

The Testing Services Office offers a variety of services to students, prospective students and instructors. These services include standardized testing, make-up testing, instructional support such as test analysis, certification and competency examination, and proctoring services for students enrolled in distance learning programs.

Standardized tests are administered on scheduled dates and require advance registration and payment. The GED examination is administered each week, and also requires advance registration. See the Testing Services Information Guide for details. Always bring your photo ID.

TASP

The Texas Academic Skills Program (TASP) was established in 1987 by TEC Code 51.306. The program is designed to ensure that students have the academic skills necessary for effective performance in college-level course work. The TASP test is a diagnostic assessment for skills in reading, writing and mathematics.

You must either take TASP or prove exemption prior to enrolling in a college credit class in the State of Texas.

To inquire about your exemption status, call the Testing Center at 371-5445.

Students who provide false information about TASP testing scores to Amarillo College will be subject to immediate withdrawal and forfeiture of all tuition and fees.
Amarillo College serves as a test center for TASP and also serves as a special accommodation test center for students who have requested and documented exceptional testing needs. In addition, Amarillo College provides TASP testing on alternate dates for students whose religious practices prevent Saturday testing.

Advance registration and payment are required for the TASP test. Registration materials and further information about TASP are available from Testing Services.

**Alternative Testing**

Students should make every effort to take the TASP before enrolling at Amarillo College. If this is not possible, alternative tests to the TASP are offered through Testing Services. These include MAPS and ACCUPLACER. Alternative tests measure reading, mathematics and writing skills. Alternative tests are to be used only as initial testing: the TASP test must be used for all retakes.

Questions about alternative testing should be directed to Testing Services, 371-5445.

MAPS (alternative to TASP) will be offered each Tuesday at 6:00 p.m., Wednesday at 12:45 p.m., and Thursday at 12:45 p.m. and 6:00 p.m.. MAPS is available the first Monday of each month at Moore County Campus. The Accuplacer alternative test is given via the computer and will be by appointment only. Call the Testing Center at 371-5445 to sign up for any of these tests.

**Transfer Connection**

The Transfer Connection assists all Amarillo College students planning to transfer to a university after completing basic course work at AC. Students should request transfer advising when they enroll and are encouraged to take advantage of AC services that help with the transfer process. The Continuing Education Class Schedule and Student Activities Calendar list seminars, tours and opportunities to meet with university representatives.

Transportation to tour area universities is provided for currently enrolled students. Reservations are required due to limited space.

The Special Services program offers additional transfer assistance for students who qualify.

**Glossary**

**Academic Advisor** – Each student is assigned an academic advisor. These are faculty members or counselors who can help guide and inform students who have questions about academic matters such as course requirements, adding or dropping a class, etc.

**Academic Probation** – Any student who fails to make a semester grade-point average of at least 2.0 will be placed on academic probation. To be removed from this status, a student must make a semester grade-point average of at least 2.0. All grade-point averages considered in determining academic probation are semester, not cumulative, grade-point averages.

**Academic Suspension** – A student on probation, who makes a semester grade-point average below 2.0, will be suspended for one semester. After the suspension period, the student is eligible for readmission to Amarillo College on academic probation. In extenuating circumstances, a student may petition the Dean of Instruction for enrollment at Amarillo College while on suspension. Such enrollment will be contingent upon the student’s participation in the suspension-waiver program. All grade-point averages considered in determining academic suspension are semester, not cumulative, grade-point averages.

**Accreditation** – Professional organizations have by consensus established rules for presenting and operating a strong and defensible academic program. Teams are sent regularly to each college campus, and many details are checked before a school is granted or allowed to maintain accreditation. Without accreditation, the credit hours and the degrees granted by an institution are not acceptable at other schools. Amarillo College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; (404) 679-4501) to award associate of arts degrees, associate of science degrees, associate of applied science degrees, and certificates of completion.

**Blue Book** – A bound set of blank paper specifically used for examinations in order to provide a uniform format for the presentation of answers. They are sold in the College Bookstores.

**Catalog** – Students should obtain a copy of the current catalog when they first enroll at Amarillo College. The catalog contains important information such as school policies and procedures, graduation requirements, all degree programs, course descriptions, etc.
**Class Schedule** – A list of classes offered each semester. Includes meeting times and places, I.D. number, course name and number and instructor.

**CLEP (Credit By Exam)** – College credit may be granted by successfully completing specific examinations. Contact Testing Services, 371-5445

**Final Exams** – A special course examination is given at the end of each term. This test may contain any or all of the subject material of the course and usually accounts for a significant portion of the final grade.

**Freshman** – A student with 29 or fewer hours of college credit.

**Honor List** – Students who carry 12 hours or more and who maintain a GPA of 3.6 or more are named on the Dean’s Honor List each semester, and may be eligible for Phi Theta Kappa membership.

**I.D. Card** – Get your college picture identification card from the Assistance Center anytime after paying your tuition and fees. It’s free.

**Major** – Primary area of study. Twenty-four to 30 semester hours of work are required for a major.

**Mini-Term** – Offered in the winter (between Fall and Spring semesters), and in May (between Spring semester and Summer sessions). Students can earn up to three hours credit in three weeks.

**Prerequisite** – Requirement that must be met before a course can be taken.

**Scantron** – Computer-scored answer sheets used for most college exams. These are sold in the campus Bookstore for 10 cents each and should be filled in with a #2 pencil.

**Semester** – Academic term of 16-weeks in the Fall or Spring and of varying lengths in the Summer. (Also see “mini-term”)

**Semester Hour** – Students accumulate semester hours during a semester. Credit hours are based on the number of hours spent in class per week per semester.

**Transcript** – The transcript is the official academic record, kept on file by the College. It lists all courses taken, the grades and credit hours earned, semester courses taken, special honors, grade-point averages, major, degrees granted, and other similar information. Transcripts of credit must be requested in writing or in person at the Assistance Center. All admission requirements and financial obligations to the College must be met in full before transcripts will be issued.

**Transfer Credit** – A transfer credit is the amount of credit hours taken in one school which may be used to meet graduation or degree requirements in another school.

**Tuition** – Tuition is the fee specifically charged for classwork taken. This cost does not include special services fees.
