Fifth-Year Report
Amarillo College
Amarillo, Texas

Institutional Effectiveness

Amarillo College continues to actively implement an institutional effectiveness program that traces not only goals and evaluative measures but also results and changes made in response to results. Each unit and program of the College is engaged in these results-oriented efforts. The latest update of the institutional Strategic Plan is included for your reference behind the first tab. Particularly reference pages 13-50 for institutional objectives, success indicators and standards, trends and status information, and strategies being implemented to improve or maintain the results.

Financial Statements

On April 18, 1997 the letter from James T. Rogers requested the following information as part of its Fifth-Year Report:

1. Copies of your institution's audited financial statements and management letters for the two fiscal years preceding the due date of this report (FY 1994-95 and FY 1995-1996 or FY 1995-96 and FY 1996-1997, if the 1997 audit is available). These may be prepared by a certified public accountant, or in the case of a public institution, by the appropriate state or system agency. For those institutions included in a state or system audit, a Standard Review Report will be acceptable.

In addition, each institution is required to submit its most recent A133 or A128 financial aid audit.

The audit reports and management letters for the 1994-95 and 1995-96 fiscal years are found behind their appropriate year tabs. The A128 financial aid audits are included in each of the audit reports under "Schedule of Federal Financial Assistance and Reports" (pages 41-53 of 1994-95 audit; pages 37-50 of 1995-96 audit).

Sanctions

On April 18, 1997 the letter from James T. Rogers requested the following information as part of its Fifth-Year Report:

2. A report on whether your institution has had any limitation, suspension, or termination action by the U.S. Department of Education in regard to student financial aid or other federal aid programs during the five years previous to this report. Report on whether the institution is on reimbursement, or any other exceptional status in regard to federal or state financial aid.

Amarillo College has had no limitation, suspension or termination action by the U.S. Department of Education in regard to student financial aid or other federal programs during the past five years. Amarillo College is not on reimbursement or other exceptional status in regard to federal or state financial aid.
